My dear Mr. Whitsett:

I remember quite well some months ago visiting with you in your office and discussing your back to the farm movement as being the one thing which will permanently cure the evils under which the country has been suffering for the last few years.

According to a dispatch in the morning Times it would seem to me that perhaps you have given President Roosevelt your views. If this has not already been called to your attention no doubt you will be interested in looking it over.

Very sincerely yours,

N E Dawson
